

Councilman Matthew Marrone

On January 23 I attended the Winslow township school board meeting at the Winslow middle school.

school 3 gave a very nice presentation on Martin Luther king and Rosa parks in celebration of Martin Luther king day.

The school board talked about starting a new program to help the parents that were affected by the government shutdown by offering free or reduced lunch thankfully they will not need this program any more with the government workers back to work

They announced the names of a lot of students who had academic or athletic achievements. after the meeting I Spoke to a school board member about getting more information on Chesilhurst students with out standing academic or athletic achievements so we can congratulate them at our town meetings and let them know they are making us proud

Next Winslow township school board meeting is February 13 and the 27 at 7pm

On January26 I had the pleasure of attending the New Jersey state league of municipalities orientation for municipal officials where we learned about the duties and responsibilities of council members. Town budgets and most importantly how important our clerk is to the borough

This concludes my report this evening thank you .
