Historical Committee:

Councilwoman Chew and I met May 14th at 7PM for our Historical Committee Meeting; we discussed the need for a Technological, Community Database such as ancestry.com to hold all of our data as it pertains to our Community; So, we have proof of all Mayors, Council members, Employees, Committees, Police Department, Finance Department, Borough Clerk's Office, etc. It is very difficult to keep all this information without a current database to create, save, analyze and disperse all the information.

We also discussed some projects the older students attending the Summer Freedom School could get involved in during the summer months such as Elm Cemetery Clean Up and Beautifying their community by planting flowers in areas such as the Leanna Harris Park and other key areas in the community;

Planning/Zoning Board:

Our Planning/Zoning Board Meetings are every first of the month on Wednesday at 7PM and will resume in SEPTEMBER; there is no report at this time
