Summer Employees Criminal Background Checks / Fingerprinting

Dear Township / Municipal Official,

I wanted to let you know that if you have Summer employees that you need to have a background check for Instant Verification can do it very fast. We handle fingerprinting as well! We help you to run the criminal background check program and Instant Verification has plenty of references too for municipal clients in New Jersey that we are currently doing background checks for. If you would like some more information, please contact me by phone or email. Thank you.

Steve Frommer
