

For schools I had the pleasure of attending the Winslow township high school graduation with council President Jamila Garnett.

It was a great graduation ceremony I would like to personally say congratulations to all our Chesilhurst students who graduated this year. Shoot for the stars And the best of luck in all ur future endeavors .

Last week councilwoman Karen chew and my self worked on restructuring the pricing terms and conditions of renting the community center it is still being worked on and we should have it completed for next months meeting

For emergency services our emergency response plan is still being updated
